CLASS HISTORY AND PROPHECY

It is now 1968. As we gaze into the stars we get a sneak preview of our "58" graduates.

As we began our journey we gaze at the stars. Then suddenly our telescope slips and we see Maurice, who took an engineering course at N.D.A.C., was awarded a job scrubbing floors for the professor. After attending the A.C. for four years, he is still trying to understand the mechanics of a mophandle and his high school sweetheart.

As we look toward the North Star we get a quick look at Bobby Deene. Bob, who ran around for quite some time after graduation, finally married a Negro. After being married for three years we find him the proud father of ten little red-headed Negroes riding around with him in his "52" Chev.

As we look into the little dipper we see that Gloria, who was rated as the one with the goofiest laugh, is now working at a circus, where she is paying 50¢ to anyone who can make her laugh. In her spare time she records her yodel for Laurence Welk's Monday Nite program.

Norman, because of his western role in the Sr. Class Play, went out to Texas where he married a Texan. He is now the proud father of two bow-legged sons. With his experience in Chemistry Class in high school he is working on a serum for prevention of bowed legs.

Darrell and Donnie McDaniel had different ideas about earning a living. Donnie, who went steady for two years with the same girl, decided to be a bachelor. So he settled down with thirty five milk cows to keep him busy. He has purchased the"52" Plymouth station wagon to remind him of all the running around he did in his high school days.

Darrell, who always had his eye out for a slick chick changed his eye to the more sloppy type women. He is married to a scrub women for Perry Como and spends his time wringing out her mops. His motto for raising a family is cheaper by the dozen.

Next we see Marcy, who lived up to her nickname "Tex", went to Texas to work as a secretary for an oil company. She spent her time chasing all of the salesmen. She was fired after making a pass at the boss, but now holds a job, in a room without any windows at Melroes.

As we catch a glance at a twinkling star we take a quick look at Annette who planned to attend nursing school. She started but quit in her first year to get married to a World War II veteran, whom she met in the hospital. She is now using her nursing experience in caring for her three sets of triplets and two sets of twins.

Ronnie, last but not least, who stole the show in our Jr. Class Play as a policeman, decided to take up this as a life time job. He now rides with Wyatt Earp as a body guard. Ronnie has given ten black eyes, and has collected three upper plates, five front teeth and fifteen gold fillings from boys all smaller then himself.

We, the senior class, started our first year in 1945 with Mrs. Bert Ennervold as our teacher. That year we had nine members, they were LeRoy Johnson, Margaret Joubert, Marcella Carlson, Gloria Beckstrom, Annette Jacobson, Roger Samuelson, Norman Astorp, Maurice Bartz, Larry Swanson, Jan Weller, and Robert Hanson. The second year we lost two members, Roger Samuelson and Jan Weller, and had a new teacher, who was Miss Golberg.

The third year we changed rooms. Here our teacher was Mrs. Elmer Decker and we gained Carl Anderson. During the fourth grade our class members stayed the same.

We changed rooms again for the fifth grade and ourteacher was Miss. Buchholz. LeRoy Johnson was lost as our classmate. During our sixth year we gained five new classmates only to lose one that we had gained. They were LeRoy Johnson, Donald and Darrell McDaniel, Robert Stevens, and Larry Hanson. We lost Larry Swanson and LeRoy Johnson left during the course of the year.

The seventh year we moved upstairs and our teacher was Mr. Hempler. We did not gain or lose any classmates during the seventh and eighth grades We also had the same teacher for both grades.

We began our freshman year in 1954 with Miss Kjellin, Mr. Kuhn. and Mr. Sheppard as our teachers. That year Ronald Bergemann and Janet Duwenhoegger joined our class. Our Sophomore year saw a change in teachers and we lost Larry Hanson. The newteachers were Mr. Ollenburger, Mr. Tjaden. and Mr. Ryberg. With the beginning of our junior year we lost Janet Duwenhoegger Bobby Stevens, and Mr. Andrews replaced Mr. Ryberg as our English teacher.

Now that we have reached our senior year we find the following students as members of our class; Norman Astorp, Maurice Bartz, Gloria Beckstrom, Ronald Bergemann, Marcella Carlson, Robert Hanson, Donald McDaniel, Darrell McDaniel, and Annette Jacobson. We lost Margaret Joubert during the course of the year. Our teachers are Mrs. Standall, Mr. Tjaden, and Mr. Ollenburger.

Dear Suzanne,

I hope we have as much fun in our senior play as we did in our junior play and by the way, I think you should be a professional comedian! You'd be a good one. But if you do as well in Trig as you did in Blane Dixon, you'll be able to do well in any field you choose. Say I want to wish you luck in editing that paper it doesn't sound like an easy job (and you sure picked a poor feature editor!)

I wish you the best of luck, happiness + success

A friend + classmate
Dianna

Dear Suzanne

Well I here I'm working just as hard as we can have just as much fun as we have had in the past. I don't think I will ever forget the times we had at play practice with Standley. I think I could Shot for at time - tell lots of luck in the future whatever you choose to do and hope we have just as much fun this year as we had last year and I remain

Good Luck

I guess we finally made it to our final year in high school. I like always remember you in math. I suppose you thought I was crazy in math class when I was making you guess "Jake" the so called "jake" birthday + how it turned out. It was fun anyway. We sure had fun around even though our director was playing but a spanish tune. We tried to dump the dog one night but we might have been quite a pest. Don't forget the mite some kids "fixed" Larry's car up good. You said, but I hope it was all in fun. There so many things to remember I think of but I hope you will remember me for having a big mouth if you keep up the good work you'll be a big success! Lots of luck in your future + in college.

Dear Duane,

Well, here it is, our last year in school, at least that's our last in high school — we still have college. I'll always remember all the fun we had during our last few years at school, especially decorating for the prom (that "wet" night) and at play practice. We really had standal jumping through hoops — or vica versa, I don't know which. We really did a ball in Geometry last year — especially the last six weeks when you, Larry, and I worked together (you and Larry worked after the prom when you and Verna and I just went along for the A.) Remember Don and I went out for suppers. Really delicious! Well, best of luck in the future to the best singer in Gwinner. I'll always remember that day, too.

Lotsa Luck, Jack
